## COMPLETION OF RECORD

Sir:

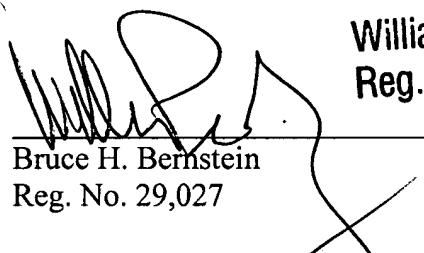

On October 9, 2003 Applicants filed an Information Disclosure Statement in the present application. In the Information Disclosure Statement, Applicants brought to the attention of the Examiner, documents which were cited during the prosecution of the parent application and during prosecution of the grandparent application of the present application.

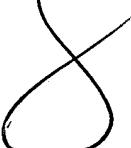

In particular, page 255 of a publication to IKEDO et. al. cited together with a partial English language translation thereof. However, in the PTO 1449 form that was attached to the above noted Information Disclosure Statement, Applicants inadvertently indicated page 225 of the above noted document. However, when this document was originally cited, in the grandparent application, on September 17, 1999, the page was correctly cited, a copy of the correct page was submitted for the Examiner's consideration, and the Examiner considered the correct page.

Accordingly, Applicants are submitting this completion of record to clarify the discrepancy between the page number indicated in the Information Disclosure Statement and the page number listed on the PTO 1449 form. In particular, the page number contained in the Information Disclosure Statement is correct and it is assumed that the Examiner considered the correct page, since a copy of the correct page, and it's translation, was submitted to the Patent and Trademark Office upon the original citation of this document in the grandparent application.

Should the Examiner have any questions or comments regarding this paper or the present application, the Examiner is respectfully requested contact the undersigned at the below listed telephone number.

Respectfully submitted,  
Kazutoshi YASUNAGA et al.
